

Rescue Plan Act of 2021 (ARP Act), Public Law 117–2, title V, sec. 5003 (March 11, 2021), to provide direct funds to Eating and Drinking establishments that meet certain conditions. Specifically, Section 5003 of the ARP Act establishes the Restaurant Revitalization Fund (RRF) program to provide direct funds of up to \$10 million dollars and limited to \$5 million dollars per location to certain eligible persons or entities: A restaurant, food stand, food truck, food cart, caterer, saloon, inn, tavern, bar, lounge, brewpub, tasting room, taproom, licensed facility or premise of a beverage alcohol producer where the public may taste, sample, or purchase products, or other similar place of business in which the public or patrons assemble for the primary purpose of being served food or drink. Section 5003(c)(6) of the ARP Act requires recipients to return to the Treasury any funds that the recipient did not use for allowable expenses by the end of the covered period, or if the recipient permanently ceased operations, not later than March 11, 2023. SBA plans to update Form 3173, RRF Post Award Report, to include a new reporting category for funds returned to SBA.

Abstract of Proposed Collection

This electronic collection records medical information necessary to determine whether visa applicants have medical conditions affecting the applicants’ eligibility for a visa. This collection is also used to collect medical examination information from follow-to-join refugees and certain individuals who have been paroled into or are seeking parole into the United States.

Methodology

Approved panel physicians are granted access to an eMedical system by the Department to conduct medical examinations for determinations of eligibility for visas and other immigration benefits. The panel physician inputs the exam information into the eMedical portal, and it is transmitted to the Department for visa adjudication, follow-to-join refugee adjudication, and for the purpose of issuing boarding foils for certain individuals seeking parole from the Department of Homeland Security and is thereafter retained in the Department’s systems. The information is also transmitted to the Centers for Disease Control and Prevention’s

(“CDC”) systems. In some instances, if the individual has been admitted to the United States as a parolee or is seeking parole into the United States, the information is transmitted directly to the CDC, bypassing the Department. In relation to parolees, the data that is transmitted to the U.S. Government depends on the nature of parole as determined by the Department of Homeland Security.

Kevin E. Bryant,

Deputy Director, Office of Directives Management, Department of State.

[Docket No. FAA 2021–0862]

Agency Information Collection

Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Disclosure of Seat Dimensions To Facilitate the Use of Child Safety Seats on Airplanes During Passenger-Carrying Operations

AGENCY: Federal Aviation Administration (FAA), Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 21, 2021. The collection involves each passenger carrying air carrier operating under the Code of Federal Regulations to post on the internet website of the air carrier the maximum dimensions of a child safety seat that can be used on those aircraft. The information to be collected will be used to facilitate the use of child restraint systems onboard airplanes and is required by section 412 of the FAA Modernization and Reform Act of 2012. **DATES:** Written comments should be submitted by May 23, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting

“Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Catherine Burnett by email at: Catherine.burnett@faa.gov; phone: 202–412–4952.

SUPPLEMENTARY INFORMATION: *Public Comments Invited:*

You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0760.

Title: Disclosure of Seat Dimensions to Facilitate the Use of Child Safety Seats on Airplanes During Passenger-Carrying Operations.

Form Numbers: N/A.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on September 21, 2021 (86 FR 52544). Section 412 of the FAA Modernization and Reform Act of 2012 (Pub. L. 112–95) specifically required the Federal Aviation Administration (FAA) to conduct rulemaking “[T]o require each air carrier operating under part 121 of title 14, Code of Federal Regulations to post on the internet website of the air carrier the maximum dimensions of a child safety seat that can be used on each aircraft operated by the air carrier to enable passengers to determine which child safety seats can be used on those aircraft.” As a result, the FAA amended 14 CFR 121.311, which requires passenger carrying air carriers to make available on their websites the width of the widest passenger seat in each class of service for each make, model and series of airplane used in passenger-carrying operations (80 FR 58575). Section 412 of Public Law 112–95 requires that all air carriers provide this required information on their internet websites. The vast majority of this burden occurred on a one-time basis as air carriers initially provided information on their websites in order to comply with the regulation. After initial implementation, the only time air carriers need to update their websites after initial implementation is when a new airplane make, model, or series is introduced to an air carrier’s fleet, or when an air carrier replaces the widest

or narrowest seats installed on an existing airplane make, model, or series with wider or narrower seats. The purpose of this collection is to facilitate the use of child restraint systems onboard airplanes by providing greater information to caregivers to help them determine whether a particular child restraint system will fit in an airplane seat.

Respondents: Approximately 44 Operators.

Frequency: As required by regulation.

Estimated Average Burden per Response: Varies per requirement.

Estimated Total Annual Burden: 327 Hours.

Issued in Washington, DC, on April 18, 2022.

Sandra L. Ray,

Aviation Safety Inspector, AFS–260.

Notice of Intent of Waiver With Respect to Land; Willow Run Airport, Detroit, Michigan

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: The FAA is considering a proposal to change 22.5 acres of airport land from aeronautical use to non-aeronautical use and to authorize the sale of airport property located at Willow Run Airport, Detroit, Michigan. The aforementioned land is not needed for aeronautical use. The property is located on the east side of the airport, located west of Beck Road, south of D Street, and east of Third Street and is currently vacant land. The proposed sale will allow the Great Lakes Water Authority (GLWA) to construct and operate a new water pump transfer station that will service the immediate surrounding community.

DATES: Comments must be received on or before May 23, 2022.

ADDRESSES: Documents are available for review by appointment at the FAA Detroit Airports District Office, Alex Erskine, Program Manager, 11677 South Wayne Road, Suite 107, Romulus, MI 48174.
