**SUPPLEMENTARY INFORMATION:** DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

ETA's administrative procedures regulation, found at 20 CFR 601, sets out the collection of information requirements. Section 601.2 requires states to submit copies of their unemployment compensation (UC) laws for approval by the Secretary of Labor (Secretary) so that the Secretary may determine the status of state laws and plans of operation. Section 601.3 requires states to "submit all relevant state materials such as statutes, executive and administrative orders, legal opinions, rules, regulations, interpretations, court decisions, etc."

These materials are used by the Secretary to determine whether the state law contains provisions required by Section 3304(a) of the Internal Revenue Code of 1986. DOL provides grants to states to fund the administration of their employment security laws if their UC laws and their plans of operation for public employment offices meet
