USCIS
Form I-140G
OMB No. 1615-0167
Expires 05/31/2026

What Is the Purpose of Form I-140G, Immigrant Petition for the Gold Card Program?

An individual (self-petitioner) or a corporation or similar entity (corporate petitioner) may file Form I-140G to request an employment-based immigrant visa under the Gold Card program established by Executive Order 14351, The Gold Card (Sep. 19, 2025).

Form I-140G is the first step in the Gold Card process. Once the petition is approved and an immigrant visa number is available in the applicable employment-based classification, the principal beneficiary (and any accompanying spouse or children, as defined under the Immigration and Nationality Act (INA), included in the petition) must complete immigrant visa processing at a U.S. embassy or consulate abroad before being admitted into the United States as a lawful permanent resident.

Eligibility

The petition must establish that you have sufficient funds to make the required unrestricted gift in U.S. currency to the U.S. Department of Commerce, and that all funds to be used for the gift have been lawfully obtained and will be transferred to the Department of Commerce in compliance with U.S. law.

The Gold Card program provides eligibility for two separate employment-based immigrant visa classifications: first preference alien with extraordinary ability; and second preference alien of exceptional ability who is seeking a National Interest Waiver (NIW).

The wait for an immigrant visa may differ between the first preference and the second preference classifications. Please refer to the U.S. Department of State's Visa Bulletin to see the availability of immigrant visas for each classification.

USCIS will adjudicate your petition based on the evidence provided and U.S. Department of State may assign either classification at the time of immigration visa processing.

General Instructions

Signature. The self-petitioner or the authorized official of the corporate petitioner must properly complete and sign the petition. If the petition is not signed or if the signature is not valid, the petition will be rejected or denied.

An authorized official is an individual who has knowledge of the facts alleged in the petition, has been formally designated to act on behalf of a corporation or similar entity, and has the power to make binding decisions, sign documents, and represent the entity in legal, financial, or administrative matters.

Fee. The fee for Form I-140G is \$15,000 per person. This fee is submitted to the Department of Commerce in accordance with the Department's instructions and will not be refunded, regardless of the action taken on your petition or how long it takes to issue a decision. By continuing this transaction, you acknowledge that you must submit fees in the exact amount and that you are paying the fees for a government service. This \$15,000 fee is in addition to the million(s) in dollars unrestricted gift amount required later in the process for each.

Evidence. When you file your petition, you must submit all requested evidence and supporting documents. Evidence must be submitted to verify that each funding source for the fee and unrestricted gift used for the Gold Card program was acquired in accordance with U.S. law and that each international wire transfer to the Department of Commerce will be conducted in accordance with U.S. law.

Corporate petitioners must submit a comprehensive organizational chart of the entity and at least one of the following items for each of the last 3 years:

- U.S. Federal Tax Returns
- Annual Reports
- Audited Financial Statements

After the immigrant visa interview at a U.S. embassy or consulate abroad, if all other eligibility requirements have been met, you will receive instructions to wire the total unrestricted gift amount to the Department of Commerce prior to the issuance of the immigrant visa. Wire instructions will be sent to the self-petitioner or the corporate petitioner's authorized official. After the total gift amount is transferred, you will be required to upload evidence of the completed transfer into the USCIS online account associated with this petition. The types of acceptable evidence for the transfer will be provided with the wire instructions.

Copies. You should submit legible copies of requested documents unless the Instructions specifically instruct you to submit an original document. **USCIS may request an original document at any time during our process.** If we request an original document from you, we will return it to you after **USCIS determines it no longer needs the original.**

NOTE: If you submit original documents when they are not required or requested, **USCIS may destroy them after we receive them.**

Translations. If you submit a document with information in a foreign language, you must also submit a full English translation. The translator must sign a certification that the English language translation is complete and accurate, and that he or she is competent to translate from the foreign language into English. The certification must also include the translator's signature, printed name, the signature date, and the translator's contact information.

Biometric Services Appointment and Fee. **USCIS may require you and any beneficiary (including the spouse or child of the principal beneficiary) of this petition to appear for an interview or provide biometrics (fingerprints, photograph, and/or signature) at any time to verify your identity, obtain additional information, and conduct background and security checks, including a check of criminal history records maintained by the Federal Bureau of Investigation (FBI), before making a decision on your application or petition. If we determine that a biometric services appointment is necessary, we will send you an appointment notice with the date, time, and location of your appointment. If you are currently overseas, your notice will instruct you to contact a U.S. Embassy, U.S. Consulate, or USCIS office outside the United States to schedule an appointment.**

At your biometrics appointment, you must sign an oath reaffirming that:

1. You provided or authorized all information in the petition;
2. You reviewed and understood all of the information contained in, and submitted with, your petition; and

Ownership interest includes any equity, stock, capital or profit interest, convertible instrument, option, or other contract, arrangement, or mechanism used to establish, transfer or exercise ownership or control.

Substantial control means the ability to direct or significantly influence important decisions of an entity. This includes:

- Senior officers (for example, CEO, CFO, or equivalent);
- Any person or entity with authority to appoint or remove senior officers or a majority of the board or directors (or similar body); and
- And person or entity that directs, determines, or has substantial influence over important decisions (such as major transactions, budgets, significant contracts, or similar matters), including through board representation, ownership or control of a majority of voting rights, or any contract, arrangement, understanding, or relationship.

- Exercises substantial control over the entity (as described above).

Beneficial ownership may be held directly or indirectly, including through intermediaries such as another entity, person, arrangement, or trust. Beneficial owners ultimately own, control, or benefit from the entity, even if their names do not appear on the entity's records.

Part 2. Path of Funds

The gift amount must be transmitted to the Department of Commerce in accordance with the wire instructions provided upon completion of visa processing and before the principal beneficiary is admitted as a lawful permanent resident. The Department of Commerce will reject the gift(s) if the wire instructions are not executed correctly.

Item Number 1. Gift Amount. To verify the accumulated funds equivalent to the required U.S. currency amount for the gift, the self-petitioner or the corporate petitioner's authorized official is required to provide details for each account from which the gift funds will be transferred. Whenever the self-petitioner or corporate petitioner is not the legal account owner of the financial account, a copy of the account owner's biographical page of an unexpired passport must be submitted as evidence. Failure to provide this evidence may result in USCIS denying your petition.

Item Numbers 2. - 4. Provide the identity of any third party used to transfer the gift amount to the Department of Commerce. This may include any money-service business or third-party exchangers. For businesses, include the name and address of the entity and any other information that confirms the identity of the business. Part 3. Source of Funds

The funds outlined in this section must be sufficient to transmit the unrestricted requisite gift amount in U.S. currency to the Department of Commerce, in addition to \$1 million **per person** for the accompanying spouse and children listed at **Part 5.** and **Part 6.** of this petition, and to have already transmitted the fee of \$15,000 per person.

Item Number 1. Corporate Gold Card Transferee. The Gold Card program established by Executive Order 14351, The Gold Card (Sep. 19, 2025), authorizes a corporate Gold Card holder to abandon his or her status and for the Secretary of State and the Secretary of Homeland Security to consider the original \$2 million gift amount as evidence of eligibility for a different principal beneficiary. The corporate petitioner must be the same corporate sponsor as the original, approved petition. If the corporate petitioner is intending to rely on the Gold Card funds submitted for an approved Form I-140G, then select "Yes" and complete **Item Number 2.** The corporate Gold Card is eligible for transfer to an unlimited number of principal beneficiaries and derivative beneficiaries, if any, provided that the current principal beneficiary and all derivative beneficiaries have voluntarily relinquished their rights to the Gold Card Program, including the associated Lawful Permanent Resident (LPR) status. If a corporate beneficiary intends to petition to transfer the corporate Gold Card status to a subsequent principal beneficiary accompanied by a spouse and/or children where 1. The prior principal beneficiary did not have a spouse and/or children and no \$1 million gift(s) were submitted by the corporate petitioner; or 2. The total number of new derivative beneficiaries exceeds the number of \$1 million gift(s) previously submitted, the corporate petitioner will need to submit a \$1 million gift per person to cover any derivative beneficiaries not previously accounted for. In the alternative, if the total number of derivative beneficiaries is below the number for which the corporate petitioner previously submitted \$1 million gift(s), such gift(s) will remain associated with the corporate petitioner and will be credited to any future derivative transfers, if applicable.

Item Number 2. Corporate Gold Card Funds submitted for an Approved Form I-140G. Provide the USCIS receipt number associated with the approved Form I-140G, the USCIS Alien Number of the corporate petitioner's previous principal beneficiary and any accompanying spouse and children that obtained a Gold Card under the corporate Gold Card program. Evidence must be submitted to demonstrate voluntary abandonment of each beneficiary's (principal and any accompanying spouse and children) lawful permanent resident status and return of every USCIS Gold Card before USCIS can determine eligibility for the corporate Gold Card Transferee.

Item Number 3. Provide the self-petitioner's net worth or corporate petitioner's owner's equity (also known as shareholders' equity) as of the date of completing Form I-140G. For a self-petitioner, the net worth represents the difference between your total personal assets and total personal liabilities. For a corporate petitioner, owner's equity is the difference between the entity's total assets and total liabilities, as reflected in the most recent financial statements.

Item Number 4. Source of Funding. Select the source(s) of your funds. You must submit evidence to demonstrate the lawfulness of the funds based on your selection(s).
