

THEY WALK AMONG US

For 60 years, the U.S. government has kept a
closely guarded secret.

Aliens have been walking among us, living in our
neighborhoods, and interacting with us in our
daily lives.

They've shopped in the same stores, attended the
same classes as our children, and lived seemingly
normal human existences.

Millions arrived under the cover of darkness and embedded themselves directly into our society.

Countless presidents, congressmen, and senior officials knew exactly what was happening.

Instead of protecting American citizens, they chose to cover it up and even accelerate the invasion.

Until one man finally had the courage to tell the truth.

Bold. Unapologetic. Unafraid.

danger Aliens pose to every American family, every
community, and the future of our nation.

The truth is no longer out there. It
is right here. Right now.
