Reinstatement of the Immigration Enforcement Priorities Post SCOTUS ruling

On July 28, 2023 -ICE will reinstitute application of the Civil Immigration Enforcement Priorities (CIEP) as set forth in the Guidelines for the Enforcement of Civil Immigration Law. Originally signed by Secretary of Homeland Security Alejandro N. Mayorkas on September 30, 2021, the guidelines were vacated in June 2022 and reinstated following a decision by the U.S. Supreme Court last month. With the reinstatement of these priorities, ICE's Enforcement and Removal Operations (ERO) officers will continue to prioritize the apprehension and removal of noncitizens who pose a threat to national security, public safety, or border security from the United States. This will include obtaining and reviewing the entire criminal record, administrative record, and any other investigative information available, including aggravating and mitigating factors, in making associated law enforcement decisions. The Office of Principal Legal Advisor (OPLA) also reinstated PLA Kerry Doyle's memorandum, https://www.ice.gov/doclib/about/offices/opla/OPLA-immigration-enforcement_guidanceApr2022.pdf
