### Benefit Eligibility And Deeming ?

How did your agency adjudicate the application for Medicaid?

My agency *approved* the application for Medicaid...

- After deeming income and resources to be available to applicant
- After deeming any amount provided to applicant since they were determined to be indigent per 8 U.S.C. 1631(e)
- Without deeming income and resources to be available to applicant because applicant has earned (or was credited with) 40 qualifying quarters of coverage under Title II of Social Security Act
- Without deeming income and resources to be available to applicant because applicant or their child meets the requirements of a battered spouse or child per 8 U.S.C. 1631(f)
- Without deeming income and resources to be available to applicant because of another reason

\*Explanation

My agency *denied* the application for Medicaid...

- Because deeming income and resources to be available to applicant made them ineligible
- Because applicant's immigration status made them ineligible
- Because of another reason
